Attached are the documents that I forwarded to Mary Walker, R4 Water Division Director, which she intends to forward to our Regional Administrator. In addition to including Matt's changes to the briefing paper, I added a date to the heading and also increased the Font size from 11 to 12. Please feel free to forward this up your respective management chains at OW, OGC and OECA. I very much appreciate everyone's help on this! Tom

Subject: draft EPA-FDEP MOA re: 404 assumption

Mary,

I'm attaching the current draft of the EPA-FDEP MOA regarding 404 assumption, along with a one-pager to provide some context and background. Per our discussion last week I understand you plan to forward this to Trey, and if you have any questions or comments before doing please let us know. Our colleagues on the EPA Team in OW, OECA and OGC also plan to forward this up to their senior managers.

As indicated in the one-pager, we're seeking any feedback from EPA senior managers prior to sharing the MOA as draft with the Tribes and the other federal agencies. By sharing this with the Tribes and other agencies in the near future we would hope to identify any issues and work through those well ahead of our formal 120-day review period.

On a side note I am very proud to be part of EPA's Assumption Team, as everyone is stepping-up in a big way to meet the challenges we're facing.

Tom
